

AYŞEGÜL PAMAK

Görsel İletişim Tasarımcısı

Hakkımda

Portfolio: <https://www.behance.net/aysegulpam6f9d> After graduating from the Visual Communication Design Department, where I received instruction in English, I immediately immersed myself in the professional world and quickly developed a deep love for my craft. One of my creative campaigns as a motion graphics designer was recognized with the prestigious Felis Awards and later named one of the year's most innovative campaigns by Contagious. Subsequently, I joined Rollic Games, a subsidiary of Zynga and Turkey's largest mobile gaming company, as an interactive designer. Within a few months, I contributed to the success of Colors Runners, a hyper-casual game that climbed to the top charts on both the Play Store and App Store. Throughout my career, I have had the privilege of collaborating with over 50 diverse brands across various industries, refining my ability to craft engaging visual narratives tailored to different audiences. Beyond my technical expertise, I thrive in collaborative environments. My experience as both a theater actress and a volleyball libero has reinforced my adaptability, teamwork, and ability to perform under pressure. My relentless pursuit of knowledge and commitment to staying ahead of industry trends continue to drive my creativity and professional growth. I would welcome the opportunity to discuss how my skills and experiences align with the needs of your team.

İş Deneyimi

- **Karbonat Agency**
15.07.2018 - 15.11.2021
- **Rollic Games / Zynga**
