

ABDUL RAFAEH JANGDA

BIM Mechanical Engineer (BIM Mekanik Mühendisi)

Hakkımda

Dear Hiring Manager, I hope this message finds you well. My name is Abdul Rafaeh Jangda, and I recently graduated with a Bachelor in Automotive/Mechanical Engineering from Istanbul Okan University in June 2024. I am eager to embark on an exciting career in the Engineering industry with a possibility of work permit/visa sponsorship. I have gained valuable hands-on experience through my internship at HB Elektrik as an Electrical Systems Design Engineer & previously as an Integration Engineer/R&D Intern at FORD OTOSAN. Additionally, my role as a Mechanical Design Intern at PROKEM MEKANIK further honed my technical skills. Fluent in English & Turkish, I am proficient in tools such as AutoCAD, Autodesk Revit, and 3D modeling on Navisworks. I am enthusiastic about applying my technical knowledge and passion for growth within a dynamic team. I look forward to the possibility of discussing further. Thank you for your consideration. Sincerely, Abdul Rafaeh Jangda +90 552 545 6589 (WhatsApp) +92 3003536355 (Phone)
